Guess Who?

How to play

Player 1 chooses a picture. Player 2 has to guess which picture it is.

Player 2 may only ask yes-no-questions, for example:

Is it **a man / a woman**?

Does she have **blond / red / black / brown / grey hair**?

Does she have **long / short hair**?

I s she wearing **glasses / a hat / jewellery**?

Does she have **blue / brown / green / grey eyes**?

Does he have a **beard**?

When Player 2 thinks that he or she knows the right answer, he or she calls out the person's name.

If Player 2 has guessed correctly, he or she can now choose a person and Player 1 has to guess.

The player who needs fewer questions wins!
